Why study on the Foundation Degree Childhood Studies?

This innovative work based Foundation degree course offers you the opportunity to gain a qualification while continuing to work.

Canterbury have designed the course specifically for those working on a paid or voluntary basis with children and young people in settings such as schools, nurseries, childcare, foster care, child minding, youth groups, cadets, or library services.

You will explore the relationship between theories of child development and practical application in the workplace where you will gain a valuable understanding of how children and young people learn. Your Foundation Degree will put you in a great position to progress on the degree course such as BA (Hons) Top Up Childhood Studies.
